NOVOFERTIL®

60 CAPSULES
FOOD SUPPLEMENT
U.S.FDA APPROVED

NOVOFERTIL® balanced formula contains a unique complex of 13 bioactive substances: vitamins, micronutrients and amino acids essential for male health support.

Unique composition of **NOVOFERTIL®** improves sperm count, ejaculate volume, total motile sperm count, and normal shaped sperm count (morphology)

It is a simple, safe and effective way to support male reproductive health and semen quality through intake of nutrients essential for spermatozoa development

NOVOFERTIL® is recommended for physical asthenia, reduced energy and endurance, overweight and for the prevention of atherosclerosis

INDICATIONS:

- Men excretory-toxic, secretory and idiopathic infertility;
- Low testosterone levels;
- Decreased libido, reduced potency, erectile dysfunction;
- Before preparation to reproductive technologies;
- Physical asthenia, loss of strength, decreased energy, overweight.

HOW TO TAKE NOVOFERTIL®:

Take 2 capsules per day

ACTIVE INGREDIENTS:

L-CARNITINE, L-ARGININE, L-GLUTATHIONE, COENZYME Q10, ZINC, COPPER, SELENIUM, FOLIC ACID, VITAMIN C, VITAMIN D3, VITAMIN E, VITAMIN B6, VITAMIN B12

Made in EU

NOVOFERTIL® FEM

60 TABLETS: 30 MORNING & 30 EVENING
FOOD SUPPLEMENT

NOVOFERTIL® FEM is a unique micronutrient complex for every day women needs.

Novofertil Fem takes care of female reproductive function and tunes hypothalamus, pituitary and ovaries function

The product contains two tablets of different composition which have perfect impact on women health and wellbeing. Day and night tablets give support and energy for the whole day and offer a good relax and calmness during the night

Combination of perfectly dosed ingredients provides the best positive influence on woman body

INDICATIONS:

To support women's health, with premenstrual syndrome, polycystic ovary syndrome, with chronic and oxidative stress.

- Metabolic syndrome, normalization of sleep;
- Premenopause, menopause, reduced fertility;
- Planning of pregnancy, preparation for reproductive technologies;
- Healthy skin, hair and nails.

HOW TO TAKE NOVOFERTIL® FEM:

Take 2 tablets per day: yellow in the morning and blue in the evening

ACTIVE INGREDIENTS:

MORNING YELLOW TABLET: L-ARGININE, VITAMIN C, NIACIN, COENZYME Q10, VITAMIN E, PANTOTHENIC ACID, IRON, ZINC, VITAMIN B6, VITAMIN B1, VITAMIN B2, VITAMIN A, FOLIC ACID, BIOTIN, IODINE, SELENIUM, VITAMIN D

EVENING BLUE TABLET: INOSITOL, L-GLUTATHIONE, MAGNESIUM, MELATONIN

Made in EU.

NOVOFERTIL® PLUS PROSTATE HEALTH

**Micronutrient complex with
Graminex® G63® (Rye Grass Pollen)**

**60 CAPSULES
FOOD SUPPLEMENT**

The balanced formula of **NOVOFERTIL® PLUS** contains an unique combination of micronutrients. Components such as zinc, rye grass pollen extract, beta-sitosterol, pygeum africanum, vitamin E and selenium in a well-balanced complex make the treatment and maintenance of prostate health safe, easy to use and effective.

Rye Grass Pollen Extract Graminex® G63® reduces the production of oxygen free radicals by prostate cells, can influence prostatic hyperplasia via effects on androgen metabolism, can be used in the prevention and treatment of Chronic Prostatitis (CP) and Benign Prostatic Hyperplasia (BPH). Numerous clinical trials showed an anti-inflammatory and anti-proliferative therapeutic effect of Pollen extract.

Pygeum africanum
(Prunus africana)
contains several different
ingredients that have a
positive effect on their use
in the treatment of BPH

Beta-sitosterols improve
urinary symptoms and
flow measures

Recommended for the diet
as a source of biologically
active substances to
maintain the function
of the prostate within
physiological limits

INDICATIONS:

- Treatment of Benign Prostatic Hyperplasia, Chronic Prostatitis/Chronic Pelvic Pain Syndrome;
- Normalizes the bladder sphincter tone and reduces functional urination disorders.

HOW TO TAKE NOVOFERTIL® PLUS:

Take 2 capsules per day

ACTIVE INGREDIENTS:

GRAMINEX® G63® (RYE GRASS POLLEN) – 250 mg per capsule, PYGEUM AFRICANUM, BETA-SITOSTEROL, ZINC, VITAMIN E, SELENIUM

Made in USA.

PROSTALIN FORTE® CAPSULES

*Micronutrient complex with
Graminex® G63® (Rye Grass Pollen)*

60 CAPSULES
FOOD SUPPLEMENT

The balanced formula of **PROSTALIN FORTE® CAPSULES** contains an unique combination of micronutrients. Components such as zinc, rye grass pollen extract, beta-sitosterol, pygeum africanum in a well-balanced complex make the treatment and maintenance of prostate health safe, easy to use and effective.

Rye Grass Pollen Extract Graminex®G63® reduces the production of oxygen free radicals by prostate cells, can influence prostatic hyperplasia via effects on androgen metabolism, can be used in the prevention and treatment of Chronic Prostatitis (CP) and Benign Prostatic Hyperplasia (BPH). Numerous clinical trials showed an anti-inflammatory and anti-proliferative therapeutic effect of Pollen extract.

Pygeum africanum
(Prunus africana)
contains several different
ingredients, which have a
positive effect on their use
in the treatment of BPH

Beta-sitosterols improve
urinary symptoms and
flow measures

Recommended for the diet
as a source of biologically
active substances to
maintain the function
of the prostate within
physiological limits

INDICATIONS:

- Treatment of Benign Prostatic Hyperplasia, Chronic Prostatitis/Chronic Pelvic Pain Syndrome.

HOW TO TAKE PROSTALIN FORTE® CAPSULES:

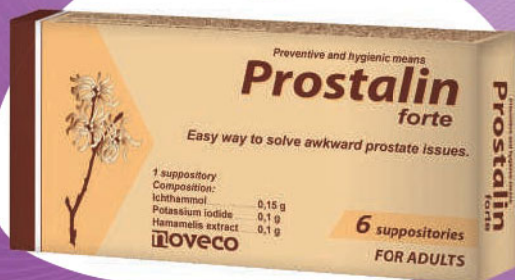

Take 2 capsules per day

ACTIVE INGREDIENTS:

GRAMINEX® G63® (RYE GRASS POLLEN) – 65 mg per capsule, PYGEUM AFRICANUM, BETA-SITOSTEROL, ZINC

Made in USA.

PROSTALIN FORTE® SUPPOSITORIES

*Natural ingredients for
prostate health*

**6 SUPPOSITORIES
PREVENTIVE AND HYGIENIC
AGENT**

PROSTALIN FORTE® SUPPOSITORIES contains 3 active ingredients specifically combined to provide astringent, decongestant, anti-inflammatory, antiseptic actions required for the relief of manifestations of various prostatic problems.

Extract of Hamamelis (Witch Hazel) has a pronounced astringent effect, which helps to eliminate inflammation and spasms, reduce swelling

Ichthammol has antimicrobial and local anesthetic effects. It also regulates vascular tone, restores blood circulation, and improves metabolism

Potassium iodide promotes the absorption of infiltrates, exhibits anti-inflammatory and antifungal effects

INDICATIONS:

- Chronic nonspecific prostatitis accompanied by urinary disorders;
- Complex treatment of Benign Prostatic Hyperplasia;
- Functional disorders of urination.

ACTIVE INGREDIENTS:

ICHTAMMOL, HAMAMELIS EXTRACT, POTASSIUM IODIDE.

Made in EU.

NOVOCARNITINE 3000

20 VIALS
FOOD SUPPLEMENT

NOVOCARNITINE: L-Carnitine is an amido acid which plays a central role in cellular energetic metabolism. L-carnitine is important for heart and brain function, muscle movement, reproductive health. The dosage of 3 g is clinically proven to give the best effect for a human body and liquid form provides better consumption.

L-carnitine has a beneficial effect on bioenergy, structural and functional integrity of myocardium.

L-carnitine helps remove toxins from mitochondria and mediate oxidative stress

L-carnitine is successfully used in the treatment of hepatic encephalopathy

L-carnitine increases sperm motility and viability, ensures normal spermatogenesis in men. L-carnitine is effective in women with polycystic ovary syndrome, endometriosis and amenorrhea

INDICATIONS:

- Cardio-vascular and neurological diseases;
- Functional disorders of digestive system, liver encephalopathy;
- Disorders of morphology, concentration, count and motility of spermatozoa;
- Polycystic ovary syndrome, endometriosis, amenorrhea;
- Dysregulation of gonadotropins and sex hormones production.

HOW TO TAKE NOVOCARNITINE 3000:

Take 1 vial per day

ACTIVE INGREDIENTS:

L-CARNITINE BASE, FRUCTOSE

Made in EU.

NOVOARGININE 3000

20 VIALS
FOOD SUPPLEMENT

L-arginine is an essential component for the synthesis of proteins and many biologically active compounds (ornithine, proline, polyamines, creatine and agmatine). The key role of arginine in the human body is a substrate for the synthesis of nitric oxide (NO).

L-arginine is an effective agent in the treatment of cardio-vascular pathology, hepatobiliary system diseases and asthenic conditions, reproductive disorders in men and women.

L-arginine restores endothelial NO synthesis to normal levels, helping restore vascular function.

L-arginine improves endothelial function in angina pectoris, cardiovascular insufficiency and hypercholesterolemia

L-arginine improves sperm motility and concentration, reduces DNA fragmentation.
L-arginine improves erectile function

L-arginine improves ovarian function, progesterone level, menstrual cycle

INDICATIONS:

- Disorders of morphology, concentration, count and motility of spermatozoa (in a case of disorders of spermatozoa DNA fragmentation);
- Erectile dysfunction in men;
- Cardio-vascular disease;
- Conditions which are accompanied by changes in the rheological properties of blood.

HOW TO TAKE NOVOARGININE 3000:

Take 1 vial per day

ACTIVE INGREDIENTS:

L-ARGININE HYDROCHLORIDE, FRUCTOSE

Made in EU.

PRELOX®

60 TABLETS
FOOD SUPPLEMENT
US AND EU PATENTS

PRELOX® is a patented combination of three potent ingredients clinically proven to increase a man's ability to achieve and sustain an erection.

PRELOX® is a proprietary blend of L-Arginine and Pycnogenol®, which has been shown in various studies to increase NO production. This combination has a beautifully synergistic effect on blood flow into the vessel. **PRELOX®** stimulates circulation and blood flow, it protects blood vessels from the damage that can occur from normal aging, and enhances responsiveness, sexual stamina and enjoyment.

Pycnogenol® is a natural plant extract originating from the bark of the maritime pine and is found to contain a unique combination of procyanidins, bioflavonoids and phenolic acids, which offer extensive natural health benefits.

Pycnogenol® is a safe and evidence-based premium ingredient, a unique blend of natural antioxidants.

INDICATIONS:

- Prevention of erectile dysfunction;
- In a complex treatment of prostatitis;
- Improvement of sperm quality in men.

ACTIVE INGREDIENTS:

L-ARGININE, TAURINE, PYCNOGENOL® (Pinus Pinaster bark extract)

Made in EU.

Developer: Horphag Research Ltd., Switzerland

Patented in EU and USA

LADY PRELOX®

60 TABLETS
FOOD SUPPLEMENT

LADY PRELOX® patented formula is the result of years of scientific research to synergistically promote sexual comfort and pleasure. Clinically tested on more than 200 pre-, peri- and post-menopausal women.

LADY PRELOX® contains premium plant-based ingredients backed by scientific research to ensure the safety and efficacy of its formula.

Pycnogenol® is a botanical extract from the bark of the French maritime pine tree and is known for its potent antioxidant properties

Rosvita® is a branded rose hip extract that originates from the blossoms/fruit of the wild rose plant

L-Arginine is an amino acid that plays an important role in nitric oxide mechanisms in the body

L-Citrulline is naturally occurring amino acid. As a precursor of L-Arginine, it has been shown to help open up veins and arteries to improve blood flow and reduce blood pressure

INDICATIONS:

- Improvement of libido;
- In complex treatment of PMS, endometriosis;
- In menopause, menstrual pain, dysmenorrhea.

ACTIVE INGREDIENTS:

PYCNOGENOL® (Pinus Pinaster bark extract), ROSVITA®, L-ARGININE, L-CITRULLINE

Made in EU

Developer: Horphag Research Ltd., Switzerland

Patented in EU and USA

SOLAVIR®

20 SACHETS
FOOD SUPPLEMENT

SOLAVIR® is a complex of natural micronutrients to increase physical and mental performance, resistance to fatigues, oxygen supply to muscles, improve libido in men and women.

Supplies oxygen
to the muscles

Reduces fatigue

Improves libido in men
and women

L-citrulline increases the production of nitric oxide in the body and improves endothelial function.

L-arginine is an effective agent in the treatment of reproductive disorders in men and women.

L-carnitine helps the body turn fat into energy.

Tribulus terrestris improves sexual function in men and women.

Cordyceps sinensis has an antioxidant, anti-inflammatory, antimicrobial, hypolipidemic, hypoglycemic, neuroprotective effects.

Maca helps to reduce oxygen free radicals and improves male and female fertility.

Astaxanthin is one of the strongest natural antioxidants; it helps to reduce oxygen free radicals in the body.

INDICATIONS:

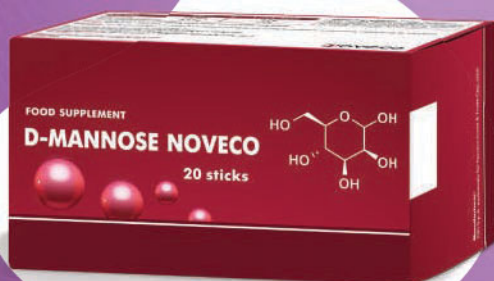

- To increase physical and mental performance, resistance to fatigue;
- To increase natural testosterone production in men;
- To improve libido in men and women.

ACTIVE INGREDIENTS:

L-CITRULLINE, L-ARGININE, L-CARNITINE, TRIBULUS TERRESTRIS, MACA, CORDYCEPS SINENSIS, COENZYME Q10, ASTAXANTINE, ZINC

Made in EU

D-MANNOSE NOVECO

20 STICKS
FOOD SUPPLEMENT

D-MANNOSE therapy effectively reduces the symptoms of cystitis, uncomplicated urinary tract infections and does not exhibit any of the side effects inherent in antibiotic therapy.

D-MANNOSE is a monosaccharide (glucose isomer), highly soluble in water, has a sweet taste.

Clinical trials have shown that D-Mannose is extremely effective in genitourinary infections.

D-MANNOSE has advantages over antibiotics:

Does not affect the conditionally beneficial flora and does not cause dysbiosis

Does not provoke the emergence and growth of fungal infections

Does not exert additional stress on the gastrointestinal tract

Does not cause an addictive effect in pathogens

INDICATIONS:

- Infections of urinary tract;
- Cystitis;
- Treat cystitis in patients with antibiotic allergies, diabetes mellitus, hypertension and in pregnant women with preeclampsia.

ACTIVE INGREDIENTS:

D-MANNOSE, FRUCTO-OLIGOSACCHARIDES (as prebiotic)

Made in EU

MELATONIN Noveco Spray

BOTTLE 30 ML
FOOD SUPPLEMENT

MELATONIN regulates the work of the central nervous and immune systems, digestion processes, regulation of blood pressure, and reproductive function depend on it. It has powerful antioxidant properties and slows down the aging process of cells.

MELATONIN has anti-oxidative and anti-inflammatory effects. Oxidative stress is considered as an important factor in the etiology of erectile dysfunction (ED), and in many experimental models, positive results have been obtained with melatonin treatment.

MELATONIN has a positive effect on ovulation and improves the quality of oocytes, which has contributed to the onset of pregnancy and the birth of healthy children both in natural cycles and in infertility after the use of assisted reproductive technologies. In women of reproductive age up to 40 years, melatonin therapy improves the quality of oocytes and in some cases helps to avoid the use of oocyte donation.

MELATONIN as an outstanding antioxidant reportedly present in the follicular fluid (FF), which has been suggested as a useful tool in the management of human fertility.

INDICATIONS:

- Disorders of circadian rhythms;
- Sleep disturbances, including in the elderly;
- Decreased mental and physical capacity;
- Chronic stress and anxiety, depressive states.

ACTIVE INGREDIENTS:

MELATONIN

Made in EU.

NOVOLIV®

**90 CAPSULES
FOOD SUPPLEMENT**

NOVOLIV® contains 15 essential ingredients for liver support. Perfectly fits for rehabilitation after hepatitis treatment.

Milk thistle improves liver function and increases survival in people with cirrhosis or chronic hepatitis

Choline contributes to the maintenance of normal liver function

Niacin contributes to normal energy-yielding metabolism

Biotin contributes to normal macronutrient metabolism

INDICATIONS:

- Damage of the liver due to toxic poisoning, infectious hepatitis, damage by parasites, chronic alcoholism;
- Liver disorders due to metabolic disorders.

HOW TO TAKE NOVOLIV®:

Take 2-3 capsules per day

ACTIVE INGREDIENTS:

MILK THISTLE, ARTICHOKE, ALPHA-LIPOIC ACID, CHOLINE CITRATE, INOSITOL, SUNFLOWER LECITHIN, PHOSPHOLIPIDS, NIACIN (VITAMIN B3), CALCIUM-D PANTOTHENATE (VITAMIN B5), VITAMIN B1, VITAMIN B6, VITAMIN B2, FOLATE ACID, D-BIOTIN, VITAMIN B12

Made in EU

NOVOIODINE®

240 TABLETS
FOOD SUPPLEMENT

Iodine is a chemical element. It is found in trace amounts in the human body, in which its only known function is in the synthesis of thyroid hormones.

Severe iodine deficiency results in impaired thyroid hormone synthesis and/or thyroid enlargement (goiter).

Population effects of severe iodine deficiency, termed iodine deficiency disorders (IDDs), include endemic goiter, hypothyroidism, cretinism, decreased fertility rate, increased infant mortality, and mental retardation.

Iodine contributes to the normal production of thyroid hormones and normal thyroid function

Iodine contributes to normal cognitive function

Iodine contributes to normal functioning of the nervous system

Iodine contributes to the maintenance of normal skin

INDICATION:

- Iodine deficiency in the organism

HOW TO TAKE NOVOIODINE:

Take 1 tablet per day

ACTIVE INGREDIENTS:

POTASSIUM IODIDE

Made in EU

FIBROCOLIUM

20 SACHETS
FOOD SUPPLEMENT

FIBROCOLIUM is an innovative food supplement based on Psyllium, a supercritical dry extract with a high content of ginger and plant-derived digestive enzymes suitable for normalizing proper intestinal function.

Psyllium (*Plantago ovata Forsk.*) is a medicinal plant belonging to the Plantaginaceae family. The drug consists of seeds, used for centuries in folk medicine as a natural, harmless laxative. The mucilage of Psyllium, according to the content in soluble fibers, also possesses prebiotic properties, stimulating the development of fermentative microflora in the colon.

Ginger (*Zingiber officinale Rosc.*) is herbaceous plant of Zingiberaceae originating from the Far East. It contains important functional ingredients called gingerols. Thanks to these ingredients Ginger root can stimulate the normal peristalsis of the stomach and intestines. This effect is defined as the prokinetic effect.

Enzymes are natural catalysts present in the body, capable of promoting correct biochemical reactions. The digestion of complex molecules such as carbohydrates, fats and proteins require enzymes to convert the long molecules into units of smaller sizes. The reduction of these large molecules also limits fermentation processes and thus the formation of annoying gas in the intestine.

INDICATIONS:

- Chronic constipation;
- Fissures of the anus, hemorrhoids, after surgery in the area of the rectum;
- Irritable bowel syndrome;
- As additional supportive therapy against the background of dietary nutrition in hypercholesterolemia.

HOW TO TAKE FIBROCOLIUM:

Take 1 sachet 1-2 times daily

ACTIVE INGREDIENTS:

PSYLLIUM HUSK POWDER, TAMARIND FRUIT EXTRACT, ENZYME MIX, GINGER ROOT EXTRACT

Made in EU

SANZYME POWDER

JAR 60 G
FOOD SUPPLEMENT

SANZYME powder is well balanced combination of specific digestive enzymes providing complete proteolysis, fats, carbohydrates and fibers. Enzymes operate as catalysts on digestive tube contents, splitting it into more simple and easily absorbed elements

Pepsin is the basic hydrolytic enzyme of gastric juice; it catalyzes hydrolysis of proteins and peptides

Papain is the enzyme from the class of catalases, crystallized from the juice of papaya tree (*Carica papaya*). Papain is active not only in acidic, but also in neutral and alkaline mediums; it has not only proteolytic activity, but also potencialized action on other proteases

Alpha amylase is a multi enzymes complex received by fermentation of mushroom *Aspergillus oryzae*, consists of different types of enzymes

INDICATIONS:

- Functional digestive disorders in patients of all ages with imbalance or digestive enzymes deficiency;
- Functional dyspeptic syndrome;
- In complex treatment of colitis, chronic enteritis, chronic gastritis, chronic pancreatitis; condition after gastric resection;
- Diseases and conditions accompanied by maldigestion and malabsorption;
- Gastro-intestinal food allergy.

HOW TO TAKE SANZYME POWDER:

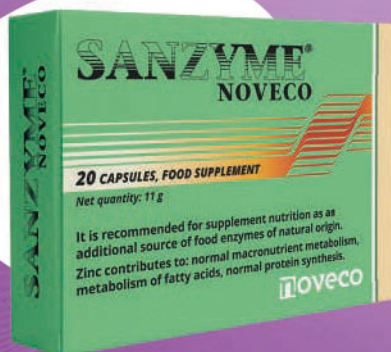

The powder is used in the form of syrup, the dose is determined depending on the age.

ACTIVE INGREDIENTS:

PAPAIN, PEPSIN, ALPHA AMYLASE (from *Aspergillus oryzae*)

Made in EU

SANZYME CAPSULES

20 CAPSULES
FOOD SUPPLEMENT

INDICATIONS:

- Functional digestive disorders in patients of all ages with imbalance or digestive enzymes deficiency;
- Functional dyspeptic syndrome;
- Overeating, heaviness in the stomach;
- Flatulence.

HOW TO TAKE SANZYME CAPSULES:

Take 1-2 capsules 2-3 daily with or after meal

ACTIVE INGREDIENTS:

PAPAIN, PEPSIN, ALPHA AMYLASE (from *Aspergillus oryzae*)

Made in EU

KELART®

20 STICKS
FOOD SUPPLEMENT

KELART® – a balanced complex of micronutrients that effectively protect and preserve the functionality of articular cartilage.

Prevents cartilage degradation

Fortigel® collagen peptides activate the growth of new cartilage

Bromelain and Garcinia Mangostana have anti-inflammatory and anti-edematous properties

INDICATIONS:

- Prevention of bone and joint diseases;
- In post-traumatic rehabilitation;
- Cartilage degeneration due to aging processes.

ACTIVE INGREDIENTS:

GLUCOSAMINE HYDROCHLORIDE, CHONDROITIN SULPHATE, MSM (METHYLSULFONYLMETHANE), GARCINIA MANGOSTANA, FORTIGEL® (COLLAGEN PEPTIDE), VITAMIN E, BROMELAIN, SELENIUM

Made in EU

RELIVE® COLLAGEN INTENSIVE BEAUTY SKIN

20 STICKS
FOOD SUPPLEMENT

RELIVE® COLLAGEN INTENSIVE BEAUTY SKIN is a food supplement based on hydrolyzed collagen Verisol® B, vitamin C, zinc, vitamin E, phytoceramides, sodium hyaluronate (hyaluronic acid), copper, resveratrol and biotin, which is useful in case of reduced dietary intake or increased needs for these components.

The exclusive formula, which has an international patent, combines hydrolyzed collagen peptides with antioxidants and vitamins.

Reduces wrinkles
and fine lines

Increases skin
elasticity

Increases hair
thickness

Improves nail
growth and
strength

INDICATIONS:

- To improve skin surface structure, skin elasticity;
- To reduce wrinkles;
- To improve hair and nail growth.

HOW TO TAKE RELIVE® COLLAGEN INTENSIVE BEAUTY SKIN:

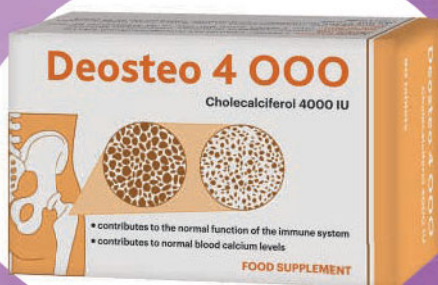

Take one stick daily

ACTIVE INGREDIENTS:

VERISOL® B (PEPTIDE COLLAGEN), VITAMIN C, ZINC, VITAMIN E, PHYROCERAMIDES, HYALURONIC ACID, COPPER, RESVERATROL, BIOTIN

DEOSTEO 4000 Vitamin D 4000 IU

90 TABLETS
FOOD SUPPLEMENT

VITAMIN D is an essential vitamin that helps regulate calcium and phosphorus in the body. It also plays a role in maintaining proper bone structure.

Vitamin D deficiency can lead to a loss of bone density, which can contribute to osteoporosis and fractures.

Contributes to the
normal blood calcium
level

Participates in cells
division

Contributes to the
maintenance of normal
bones and teeth

INDICATIONS:

- Dysfunction of immune and muscular-skeletal systems;
- Improvement the normal level of calcium and phosphorus.

HOW TO TAKE DEOSTEO 4000:

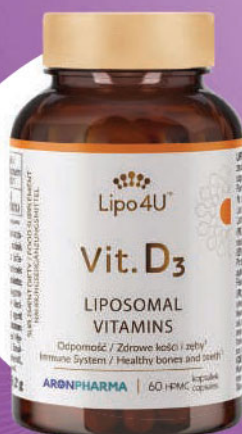

1 tablet per day

ACTIVE INGREDIENTS:

VITAMIN D AS CHOLECALCIFEROL

Made in EU

Lipo4U™ Vit. D3 Liposomal Vitamin D 2000 IU

60 CAPSULES
FOOD SUPPLEMENT

Encapsulating nutrients with a liposomal layer provides a protective barrier around the compound, thereby increasing resistance to digestive enzymes, acidity, intestinal flora, and/or oxidation. This enhances intestinal absorption, delivery to specific tissues, and/or bioavailability.

Contributes to the
normal blood calcium
level

Participates in cells
division

Contributes to the
maintenance of normal
bones and teeth

INDICATIONS:

- Dysfunction of immune and muscular-skeletal systems;
- Improvement the normal level of calcium and phosphorus.

HOW TO TAKE LIPO4U™ VIT. D3:

1-2 capsules per day

ACTIVE INGREDIENTS:

LIPOSOVIT® -D3 (LIPOSOMAL VITAMIN D)

Lipo4UTM D3+K2 Liposomal Vitamin D + K

60 CAPSULES
FOOD SUPPLEMENT

Encapsulating nutrients with a liposomal layer provides a protective barrier around the compound, thereby increasing resistance to digestive enzymes, acidity, intestinal flora, and/or oxidation. This enhances intestinal absorption, delivery to specific tissues, and/or bioavailability.

Combining vitamins D and K presents a synergistic effect that significantly enhances health outcomes, particularly in bone health and cardiovascular function.

Effective in
preventing or
treating
osteoporosis

Improves bone
density

Improves
cardio-vascular
activity

Vitamin K
regulates calcium
content in tissues

INDICATIONS:

- Improvement of the locomotor system;
- Improving bone, hair and teeth health;
- Improving cardio-vascular system;
- Improvement of the assimilation of calcium and phosfor.

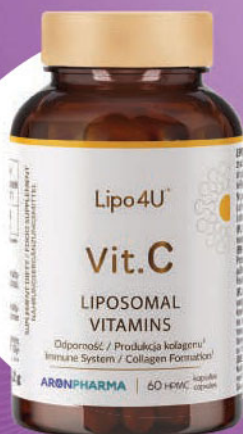

HOW TO TAKE LIPO4UTM D3+K2:

1-2 capsules per day

ACTIVE INGREDIENTS:

LIPOSOVIT® -K2 (VITAMIN K), LIPOSOVIT® -D3 (VITAMIN D)

Lipo4U™ Vit. C Liposomal Vitamin C 500 mg

60 CAPSULES
FOOD SUPPLEMENT

Encapsulating nutrients with a liposomal layer provides a protective barrier around the compound, thereby increasing resistance to digestive enzymes, acidity, intestinal flora, and/or oxidation. This enhances intestinal absorption, delivery to specific tissues, and/or bioavailability.

Improves
cardio-vascular
system function

Protects against
actions of free radicals

Improves the condition
of the skin, hair and
nails

INDICATIONS:

- Dysfunction of immune and muscular-skeletal systems;
- Contributes to the improvement of the cardio-vascular system function;
- Improves the condition of the skin, hair and nails;
- Protects against the harmful action of free radicals in the body (reduction of the effects of oxidative stress).

HOW TO TAKE LIPO4U™ VIT. C:

1-2 capsules per day

ACTIVE INGREDIENTS:

LIPOSOVIT® C (VITAMIN C)

Lipo4U™ Iron Complex Liposomal Iron complex

60 CAPSULES
FOOD SUPPLEMENT

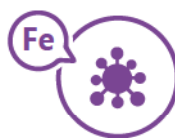

Encapsulating nutrients with a liposomal layer provides a protective barrier around the compound, thereby increasing resistance to digestive enzymes, acidity, intestinal flora, and/or oxidation. This enhances intestinal absorption, delivery to specific tissues, and/or bioavailability.

Iron has a role in the process of cell division

Iron contributes to normal formation of red blood cells and hemoglobin

Vitamin C increases iron absorption

INDICATIONS:

- Iron deficiency;
- Increasing the levels of iron and hemoglobin in the body;
- Anemia prevention.

HOW TO TAKE LIPO4U™ IRON COMPLEX:

1 capsule per day

ACTIVE INGREDIENTS:

LIPOSOVIT® -FE (IRON), LIPOSOVIT® C (VITAMIN C), LIPOSOVIT® -B12 (VITAMIN B12)
